Business Directory

“Sow A Seed and Come
Grow With Us”

**Building Our Community One
Business At A Time**

SOW A SEED

Tough Economic Times

Today's tough economic times call for tough budgeting and decision making when it comes to our ever decreasing dollars. We have to make decisions as to how and where we spend our money. Often times, this calls for decreasing our spending, yet, there are many things that we continue to purchase. If we have to spend our hard earned money, why not spend it with each other?

Support Each Other

Within this directory you will find many services. Some are every day necessities, some are seasonal, some are one time purchases, and some are just unique and relaxing. They are all quality products and services deserving of our support.

Let's support each other through patronage, referrals, and at the very least by giving an encouraging word to these entrepreneurs. Remember prosperous communities go out of their way to support their own.

Sow A Seed

Supporting these businesses not only means spending your money with them. As a member of our community we are obligated to help the business owners listed provide their Highest and Best service. Seed sowing includes: patronizing, making referrals, giving advice, holding business owners accountable for superior service, and collaborating when possible.

All of these things should be done with “LOVE” being the driving force. We will all ***reap what we sow and we must sow what we would like to reap.***

When one of the family is prosperous we all are, just as when one of us is impoverished we all are. ***Family supporting family is an equation for prosperity.***

Come Grow With Us!

All business owners listed in this directory have agreed to and signed the following Covenant:

“I pledge to:

Consistently provide services at my highest and my best.

Tithe consistently.

Support other Morning Star business owners.”
